de la timide vérité

The «Manège de la Timide Vérité» was located for more than 25 years in the «Little Camargue» (covering Aigues-Mortes, Le Grau du Roi and Lunel), and then moved in brand new buildings (carousel and riding stables), not far from there, to Saint-Hilaire de Beauvoir. The surroundings are stunning, at the foot of the Cévennes, between Nîmes and Montpellier.

Our main activity is raising horses, under Daniel LERPINIÈRE's supervision, a rider who trained among others obstacles riders (Étrier de BRIVE), «Republican Guards» (L. Galtier), students from the «Cadre» (F. Sautet), horse rider for bullfight (Marie Sara)....

Of course, some large and comfortably equipped boxes are also available for a simple lodging, and the nature offers numerous possibilities for a ride.

Raising horses with no constraining instrument: no curb, or bridle, neither spurs nor reins. Only reasoned gymnastics, which is quite modern after all...

# Marie SARA

**Cavalière Tauromachique formée par  
Daniel Lerpinière.**

*« I want to be a “rejoneador” like you, I told him abruptly. Would you know someone who could teach me? With no surprise, Jalabert immediately wrote a name and number of this Daniel Lerpinière. »*

*Extract from Marie Sara’s book «La vie pour de vrai»*

*« I was with my mom on the phone, describing her using many adjectives and repeating myself, how great my life was, how great my efforts were, and how great a teacher M. Lerpinière was. »*

*Extract from Marie Sara’s book «La vie pour de vrai»*

*« At night I was coming back home really tired, but happy and convinced to be on the right path. And when in a nice and warm bath, I was delighted with the comfort of the house, its charm and the progress I was making thanks to Daniel! »*

Cavalry regiment of the  
*Republican Guard*

*I can tell that the quality of the training Daniel delivers to the students was part of the reason I've been now for 17 years in the cavalry regiment of the Republican Guard. »*

Laurent  
GALTIER

*« I met Daniel LERPINIÈRE in 1986 while looking for learning about a job around horses. We immediately got acquainted, and I could prepare my groom-trainer degree in the school. I taught me to work in the stables with rigor and with the passion necessary for a good relationship with the horse. I can tell that the quality of the training Daniel delivers to the students was part of the reason I've been now for 17 years in the cavalry regiment of the Republican Guard. »*
